## **OUR OWN ANNAPOLIS VALLEY LOCAL FOOD MARKET!!**

On January 23rd Mike Oulton, a producer from Martock, chaired a public information meeting at the Community Centre and introduced a new local food market cooperative model. The unique consumer/producer partnership food market would be a blend of 60 per cent fresh product and 40 per cent groceries which would be available 7 days a week. In order for this market to become a reality an investment commitment from at least 550 consumers is required within the next two months. If you would like to support our local producers and a potential new business for our Village you can pick up a Consumer Member Ownership Form at the Village Office. You can make a one time payment of \$100 now for one share or a monthly payments ownership plan of \$10 now and \$10 for the first 9 months of operation. All funds will be held in trust until the market is in operation. Should the decision be made not to move forward with the new food market concept all payments will be refunded by October 31st, 2012. This is a wonderful opportunity to be a partner in providing healthy food choices for your family and other members of our community.
